

**CASINO REVENUE FUND**  
FOR THE FISCAL YEAR ENDED JUNE 30, 2010

New Jersey casinos pay the state 8% tax on their gross revenues appropriated to the Casino Revenue Fund for the benefit of the aged and disabled citizens of the State of New Jersey. Gross gaming revenue is the amount casinos win from gamblers after all payouts have been made.

The Casino Control Commission collects a variety of different taxes from casinos and deposits the money in the Casino Revenue Fund. Funding is generated through five casino related taxes. The largest is an 8 percent tax on casino gross revenues and can only be spent on programs that benefit New Jersey State seniors and people with disabilities.

The responsibility for administering these taxes was transferred by the State Legislature from the Division of Taxation to the Commission.
